

## Hindmarsh Living News - February 2008

### First sales at Bellerive

At the Retirement and Lifestyle Expo in Canberra on the weekend of February 8-10, the Hindmarsh Living stand attracted a great deal of favourable attention. In the course of the weekend more than 9,000 people visited the exhibition and there were always crowds around our stand, keen to obtain more information about our new project at Lyons.

The Expo event marked the launch of Hindmarsh Living's new brand and we had many people asking for brochures on our two Canberra communities. You can obtain a copy of our brochures by filling in your details on our contact page.

In the course of the weekend, 20 homes at Bellerive were sold. The location of this village, so close to Woden Town Centre, was clearly an important factor in its appeal. Many visitors told us they were looking for a quality lifestyle but with less home maintenance and more leisure time. With shopping, entertainment and recreation facilities all within walking distance of Bellerive, leisure options are well catered for.
